ABOUT HOTELSLOTS

hotelSlots is the first platform built specifically for day-use hotel bookings. Why pay for a full night when you only need a few hours? Book by the slot — morning, midday, afternoon, or extended day — at a fraction of the nightly rate. Whether you need a quiet workspace, a place to rest between flights, or a professional meeting room, hotelSlots connects you with hotels that want to fill their empty rooms during the day. Same quality room, same amenities, less than half the price. One account works across all four hotelhuddle platforms.
